How to Export Your Gift List from PDF to Excel

1. Open your saved PDF file.
2. Go to **File > Export To > Spreadsheet > Microsoft Excel Workbook** (this option is available in Adobe Acrobat).
3. Choose the folder where you want to save the Excel file.
4. Open the file in Excel – your table will now be editable, so you can sort, filter, and update your Christmas shopping list digitally.

Tip: If you don’t have Adobe Acrobat, you can also use free online tools by searching “PDF to Excel converter.”
